

THERMALCARE

Superior equipment, Exceptional service

Cooling Towers

FIBERGLASS COOLING TOWERS

FC Series
FT Series

Where water means business.

The THERMAL CARE Cooling Tower Family

THERMAL CARE offers a suite of durable, efficient, and low-maintenance cooling towers. Each tower features **fiberglass construction** of the shell and basin for long life and corrosion resistance.

FT Series - 38 to 120 tons

Efficient

TEAO direct-drive motor eliminates need for belts, pulleys, or gear box maintenance

Durable

PVC fill and internal piping for optimal efficiency and long life with low maintenance

Corrosion-resistant

Rugged UV stabilized fiberglass shell and stainless steel fasteners resist corrosion and harsh weather conditions; comes with a 10 year fiberglass shell warranty

Trouble Free

Pressurized, nonferrous rotating sprinkler head with large non-clogging openings and PVC distribution piping

Quick and Easy Installation

Fully assembled with motor and fan removed to prevent shipping damage

**Durable, corrosion-resistant
and low-maintenance**

**Our sales and support teams are ready!
Give us a call today 847-966-2260**

FC600 Series - 100 to 140 tons

FC700 Series - 170 to 240 tons

Efficient

TEAO direct-drive motor eliminates need for belts, pulleys, or gear box maintenance

High Temperature

Available high temperature fill for demanding process applications

FC 600 Series

FC 700 Series

Added Strength

Stainless steel fasteners for long life and durability in severe environmental conditions

Durable

PVC fill and internal water distribution system with non-clogging fixed water nozzles for trouble-free operation

Quick and Easy Installation

Fully assembled with motor and fan removed to prevent shipping damage

Corrosion-resistant

Rugged UV stabilized fiberglass shell and stainless steel fasteners resist corrosion and harsh weather conditions; comes with a 10 year fiberglass shell warranty and a 5 year motor warranty

THERMAL CARE is the industry expert and value leader in process cooling solutions. Built on nearly 50 years of experience and backed by an unmatched sales and support network, **THERMAL CARE is the name that says it all.**

Our History

Starting in 1969, THERMAL CARE continues to be on the leading edge of process cooling technology with energy saving and cost efficient product designs. While providing heat transfer equipment to more than 50 industries, THERMAL CARE specializes in meeting the specific needs of all customers by offering both standard and custom designed industrial process cooling solutions.

Whether you need a portable chiller, a plant-wide system, or help troubleshooting a problem, THERMAL CARE is here to help you through every step of the process.

Customer Support

Our customer service reps are trained technicians that can promptly diagnose a problem over the phone. They have direct access to information about all of your equipment including bills of material, CAD drawings, and equipment service history through our computer database. If a plant visit is needed, THERMAL CARE has an extensive network of service companies that can usually provide same day service.

Our parts department has a large inventory of available parts enabling us to have 99.5% same day shipments.
